

## SchoolTools Backpack Event

**Assembling Backpacks**  
Help equip at-risk children

### **It's time to build SchoolTools backpacks!**

Our backpack contents are on the way, and your hands are needed! Please join us to build SchoolTools backpacks which will be given to vulnerable children whose families can't afford them. This is a wonderful way our whole group can come together and serve those in need.

### **Why are we doing this?**

Nearly 16 million American children live in families with incomes below the federal poverty level. Backpacks filled with school supplies are a tangible expression of encouragement for these struggling children and their families. They also help these children feel more confident and ready to learn.

### **What's in the backpacks?**

Each backpack is filled with pens, pencils, notebook, binder, filler paper, pencil pouch, folders, pencil sharpener, eraser, ruler, crayons, glue sticks, scissors, markers, and a personal note of encouragement.

Together, we can make a difference for vulnerable children.

**Please help today!**
