

SchoolTools Backpack Event

Raising Funds
Help equip at-risk children

We're raising funds to assemble SchoolTools backpacks!

We are partnering with World Vision to provide U.S. children from low-income families with the basic tools they need to learn.

Why are we doing this?

Nearly 16 million American children live in families with incomes below the federal poverty level. Backpacks filled with school supplies are a tangible expression of encouragement for these struggling children and their families. They also help these children feel more confident and ready to learn.

What's in the backpacks and how much do they cost?

Each backpack is filled with pens, pencils, notebooks, binder, filler paper, pencil pouch, folders, pencil sharpener, eraser, ruler, crayons, glue sticks, scissors, markers, and a personal note of encouragement.

Each backpack is \$22 and this covers all shipping and handling. Both large and small donations will help our group provide SchoolTools.

How can I participate?

Get involved now by making a donation or helping with fundraising. We'll order the backpack contents in bulk, then everyone will be invited to help build the backpacks! This is a great way for us to serve those in need.

Together, we can make a difference for vulnerable children.

Please help today!
