Building a better world for children

Basketball rivals soccer as the world's most popular sport. The "Get Kids in the Game" program is an effort to obtain donations of basketballs to go to children here in the United States and around the world. Basketball arouses great passion and allows children to capture their own hoop dreams. Be it shooting the ball alone or sharing in the joy of the sport with classmates and teammates, you can give children the joy of dribbling, passing and shooting the basketball and seeing it rustle the cords of the net. Your donations help get kids in the game so they can shoot for hope.

"Yes, I want to help!"

Both new and gently used balls are desired. Your cash gift will be used to make a leveraged purchase of new balls and also pay for the transport of delivering these balls to the children around the world.
