

Child Sponsorship Party

Printing Instructions

World Vision

Building a better world for children

Dear Party Planner,

Customizing this invitation for your Child Sponsorship Parties is easy! Just follow the simple steps below to create ready-to-mail, professional-looking postcard invitations.

The option that works best for you will depend on which version of the Adobe® Acrobat software you have.

Option 1:

I have the Adobe Acrobat Reader software (you can download this for free at www.Adobe.com).

1. Save the Acrobat PDF file of the invitation to a disk and take it to your local print shop, or e-mail the file if you have the printer's e-mail address.
2. Ask the printer to print the quantity you need in a two-sided (front and back) postcard-size format.
3. Use a ballpoint pen to complete each postcard with party details and your contact information.

Option 2:

I have Adobe® Acrobat 5.0.

1. Open the invitation in Adobe Acrobat software (your computer must have the full version of Adobe Acrobat software, not just Adobe Acrobat Reader software, in order to add your personal information).
2. Scroll to the blank lines on the mailing side of your invitation and type in your contact information and party details.
3. Save the Acrobat PDF file of the invitation to a disk and take it to your local print shop, or e-mail the file if you have the printer's e-mail address.
4. Ask the printer to print the quantity you need in a two-sided (front and back) postcard-size format.
